

El Niño Storm Preparation

- ▶ Place your blue recycling bin in a secure area (not in an open spaces).
- ▶ Consider securing your blue recycling bin to prevent it from being displaced by high winds or flooding.
- ▶ Avoid placing loose, bulky items or bags of trash out for collection on days when heavy rain is expected.
- ▶ Make sure all recycling bin lids are completely closed to prevent excess water from entering the container or recyclables littering the area.
- ▶ When placing your blue recycling bin for service, please make sure it is at least two feet away from the curb and not in a flood channel.
- ▶ Remove debris or trash from surrounding areas and gutters.
- ▶ Clear your balcony from items that can easily get washed away.
